

## How's your pitching & putting?

At last spring has sprung and so the new grass tees, pitching and putting green will be opening for use this Friday. Thank you for your patience and hopefully you will get the chance to hit some balls with us over the weekend.

## Student of the week

Well done Olive, a really impressive improvement in your technique and ball striking

# Fitting for approach shot magic

Now  
***STOP IT***

You've hit a #6 or even #5 iron shot into the green. When it lands, is it landing hot or soft? Are you going to hold the green?

A club fitting is more than just allowing you to hit the ball further and more accurately. We want to find iron technology that will help you hit iron shots that hit the green and stop.

**TRAJECTORY**

**DESCENT**

*Especially with your mid irons we want to be able to launch the ball on a good trajectory. We want you to be able to attack the green, or, if you're a better player, the flag.*

*We all know that back spin helps to stop the ball as it lands. But spin, along with launch angle is also going to influence the descent angle into the green for better stopping power.*

## Now improve your approach

Book an assessment with us now. Let us look at your swing and technique; your irons and how the technology helps you. Let us improve the three dimensions above. Improve these and it increases the number of magical moments on the course.

**Fall in love with golf**

---

## **ENJOYMENT** matters to everyone.

It's not just children and young people that want to know that learning golf is a fun process right from the start. Anyone learning the game wants to know that.

**LOVE**

---

**So introduce fun into someone's life.**

*If you have a spouse or sibling or friend that doesn't play golf, then introduce us to them. We can introduce them to the game making sure they're enjoying the experience right from the get-go. We'll make sure they're comfortable. We'll introduce them to people just like them. People who want to give golf a try. We'll help them make new friends and discover the thrill of a sweetly struck golf shot.*
